## Murray High Wins Over Morganfield

The Murray High Tigers took on their second opponent of the year last night and came out victorious 20 to 0 over Morganfield. This gives Ty Holland's men two victories for the season.

The Tiger tallies came in the first three quarters of the game last night with the final stanza scoreless.

Murray was denied two other touchdowns when drives were cut short by fumbles. One of them only four yards from paydirt and the other six.

The game was only 40 seconds old when Dale Alexander picked up a fumble by Billy Hughes and ran 45 yards for the first marker of the game.

Alexander also scored the second touchdown from 14 yards after it was set up by Joe Pat Phillips. Phillips moved the ball up 26 yards for the set up and scored the extra point.

The first touchdown came when Holmes Ellis, Jr. took a handoff from Joe Pat Phillips and went four yards for the goal line. Again Phillips made good the extra point.

The Murray Squad was more confident last night after the season opener against Russellville last week.

The drive that led to the last touchdown involved both passing and running, and brought out the best in the squad.

Phillips completed a 30 yard pass to B. C. Jones and Dick Charles hit the line two times for a total gain of 7 yards, taking the ball to the four yard line.

A party was held in the lunch room for the high school classes following the game last night.

## Fire Burns Off 250 Acres On Kentucky Lake Front

Fires Wednesday and Wednesday night burned about 250 acres of lakefront land bordering TVA's reservoir and about 30 acres of pasture and woods north of the Porter Court section of Paris, Tennessee. The fire on the lakefront burned over near TVA property when it got out of control on a nearby farm. Paris firemen made four trips to the fire in the Porter Court section, but reported that no damage was done to homes or buildings.

The lakefront fire started in a section just north of Garrison's Bluff. A farmer was burning a hedgehog when the blaze got out of control and threatened the TVA property. Malcolm Little, of TVA's Reservoir Property Management section, said that a crew of 12 reservoir workers under J. Frank Jennings went to fight the fire as it came near TVA property. The Coast Guard crewmen at Paris Landing and the TVA crew put out the blaze after a six hour fight at about 6:00 p.m. Wednesday.

The fire in the Porter Court section did not threaten any homes or buildings, although it had to be watched, according to Milton Brown, who said the volunteer firemen went out at 3:30 p.m., 8:00 p.m., 11:00 a.m., Thursday and Friday.

## Six Week Vacation Ends For President Eisenhower

Denver, Sept. 18.—President Dwight D. Eisenhower today, ending a six-week Colorado vacation that included work as well as play, returned to the White House. The President was scheduled to take off from Lowry Air Force base here at 9 a.m. 12 noon e.d.t. in his official plane, the "Columbine." He will make one stop en route to the nation's capital, at Chicago.

The plane will land at Glenview Naval Air Station outside Chicago at 3:30 p. m. e.d.t., where he will meet briefly with Midwest and Rocky Mountain states Republicans. The President and Mrs. Eisenhower will pick up their son, Maj. John Eisenhower, his wife, Barbara, and their three children at Glenview.

The major and his family will visit at the White House for a short time. John and Barbara visited his parents in Denver last week, shortly after John's return from Korea.

The Chicago stop was scheduled to take no longer than 30 minutes and the first family was due back

in Washington by 6:30 p. m. e.d.t. The President played a last round of vacation golf at Cherry Hills Country Club here Friday, after his customary morning chores in summer White House offices at Lowry.

Before he left for the golf course the chief executive appointed the rest of the members of a 25-man commission set up to develop plans for "elimination of frictions, duplications and waste from federal-state relations."

The commission was appointed to make legislative recommendations which would result in increasing the efficiency of government on all levels. The group is headed by Dr. Clarence E. Manion, dean of Notre Dame's Law School. Manion and 10 other committee members were named earlier in the summer.

In another official action Friday night, Mr. Eisenhower notified Gov. Frank Clements of Tennessee that his state has been designated a major drought disaster area.

While Mr. Eisenhower was in Colorado, two major problems arose, with the death of Chief U. S. Justice Fred M. Vinson and the resignation of Secretary of Labor Martin P. Durkin. The President has discussed both vacancies with his top aides, and is expected to pick successors soon after arriving back in Washington.

The President will step into a busy speaking schedule when he gets back. He plans to fly Monday to Springfield, Mass., and Boston and will speak briefly Tuesday in Washington to the national convention of the American Bankers Assn.

Ach, Himmel, What A Custom

MUNICH, Germany Sept. 19.—This capital of Bavaria and the brewing business rolled out the barrel today and several cases of beer were handed out to the Bavarians call it "Oktoberfest" and spell their suds "beer" instead of "beer." But in any language and by any standards the proceedings will add up to a marathon binge.

Before the last stein is drained the last "prosi" has been shouted, Munich will have put away 10,000 900 half-pints of beer and 1,000,000 king-sized pork sausages.

Ach, du lieber!

The Bavarians, clad in characteristic knee-length leather breeches and sporting feathers in their gaily colored felt hats, go at their seasonal fun-making with a zest.

The "Oktoberfest," which includes equal parts of county fair, Coney Island and an old-time American Legion convention, will go on for three weeks.

For the whole of that time there will be dancing in the streets, and anywhere else where the lively waltzes and country dances played by the numerous bands can be heard.

Twins Said Doing Fine

New Orleans, Sept. 19 (UP)—The Mouton twins appeared on the road to recovery today from a dramatic operation that marked the first time in medical history Siamese-born twins have been successfully separated at the lower spine.

"They are both still doing fine," a hospital spokesman said today. The pretty, brunette daughters of Mayor and Mrs. Ashton Mouton of Lafayette, La., were taken from the recovery room where special care is available after major operations Friday night.

"Their condition continues good" the spokesman said. "A nurse is by their side 24 hours a day."

So far, the twins have not developed the post-operative complications that doctors dreaded. Neither suffered shock from the separation. The chief danger is still infection.

The twins, Carolyn Anne and Catherine Anne, were born July 22 at Lafayette.

Letter To Editor

Gentlemen:

The 75 members in the Murray Lions Club wish to extend to you their sincere thanks for the fine way you helped in making the Lions broom sale a success.

Good advertising is evidently effective because we again ran out of brooms, even though 900 were sold. The Lions are also deeply appreciative of the cooperation shown by the citizens of Murray in supporting this annual project.

Proceeds from this sale will be used mainly in our county-wide sight conservation program. The Lions Club would appreciate being notified of those persons in Murray and Calloway County who are in need of visual correction and who are not financially able to obtain such services.

Communication should be made to: Dr. H. B. Bailey, Chairman of the Sight Conservation Committee.

Cordially yours,

Vernon Anderson, Secretary  
Murray Lions Club

DUCKING THE ISSUE IN A MAINE PARK

SOUTH PORTLAND, Me. (UP)—The trouble in the park pool started when a passerby thought there should be a one-for-one ratio.

The thoughtful soul donated a male duck to the park department because the pool was stocked with two female ducks and only one drake.

The new arrangement was vigorously opposed by the first drake and attendants had to remove duck number two from the pool in order to restore domestic harmony.

## Reds Release 13 Who Change Minds About Communism

By WILLIAM MILLER  
United Press Staff Correspondent  
PANMONJOM, Korea (UP)—The Communists will turn over to Indian custodian troops next Thursday about 320 United Nations prisoners, including 20 non-Koreans, who refuse to go home, an Indian spokesman said today.

There was no evidence whether the non-Koreans include Americans.

Twelve South Koreans and one Turk, who originally had refused to go home, were released today by the Communists after changing their minds.

They were unable to give any indication whether the Reds intend to deliver any Americans.

One of the South Koreans said he saw some Americans in nearby Kaesong, the Communist repatriation headquarters.

But it developed that he saw them "last month—before 'Operation Big Switch' ended Sept. 6—so there was no telling whether they had already been freed. An-

other South Korean said he saw no Americans.

The South Koreans said many UN prisoners who refused repatriation did so only because they were told they would be sent to prison for aiding the Communists.

The South Koreans and the Turk walked to freedom 13 days after the end of "Big Switch."

SEOUL (UP)—Russian pilots flew Communist MIGs against American Sabrejets during the Korean War, the Fifth Air Force commander said today.

Li Gen, S. E. Anderson, head of United Nations Air Forces in Korea, said the Allies checked reports from American prisoners freed by the Reds and confirmed that about 400 of some 1,300 Russian-built jets sheltered above the Yalu River had Russian markings.

Anderson did not estimate the number of non-Oriental pilots who flew the Communist fighter planes. But he said reports verified "we did fight Russian Air Force units."

"The Air Force had long suspected that Russians were flying many of the jets seen over 'Mig Alley.' Anderson's statement was the first official U.N. confirmation.

Many reports from captured airmen returned by the Reds at "Operation Big Switch" indicated that not only Russians, but pilots from other Iron Curtain countries, were thrown against American fighter planes.

Anderson said the Soviet fleet had their own squadrons serviced by Russian ground crews. He said the planes were definitely from Soviet air units and were not Russian-built MIGs in Red Chinese squadrons.

## Can We Win A Conference?

The late Will Rogers once said the United States never lost a war, nor won a conference.

Adlai Stevenson, 1952 Democratic candidate for President, said last night "the door to the conference room is the door to peace." Let it never be said America was reluctant to enter.

In view of the experience we are having with Communists in the United Nations and at Panmunjom it seems conferences are pretty hard to win.

If, indeed, Stevenson is right wonder why Communists react so much more satisfactorily to force than to reason? It has been our observation since the ending of World War Two that they almost never agree to a proposition voluntarily, but almost always comply when force is used, or even threatened.

We are far from peace in Korea, no doubt, but a two-year conference for a truce had no results whatever. A veiled threat by Secretary Dulles, a thing Dean Acheson would never be guilty of, turned the trick.

Dulles was in India about the same time Adlai Stevenson and Mrs. Eleanor Roosevelt were there. Through the highest officials in India he made it clear that continued disagreement at Panmunjom would definitely result in the bombing of Manchuria and attacks on the mainland of China. We all know what happened, almost immediately.

In Iran, too, a two-year-old deadlock was ended by Secretary Dulles' advice to President Eisenhower to refuse financial aid to Mossadegh. He risked the loss of the Middle East to the Communists but it was a risk that was well worth while.

Conferences between honorable people are worth while, but it seems Stevenson has as much trouble as Truman and Acheson in judging folks, or nations.

## Nearing End Of Trail

The announcement by two cabinet members, Secretaries Weeks and Humphreys, that the Administration sees the "end of the trail," so far as foreign economic aid is concerned, will come as good news to the American taxpayer who is finding it increasingly difficult to provide living expenses for his own family after paying unprecedented federal, state and local taxes.

It was never intended that economic aid would be a permanent way of life, and we have already gone much further than most people thought we would. It hasn't worked out like we hoped it would, either. Our money has been used in some cases to promote socialism and our former enemies have used the aid given them to a much better advantage than our friends. This means, of course, that the same pre-war competition for foreign trade that caused the war is growing rapidly because of the dollars we are using to relieve actual starvation.

There are a few old-fashioned Americans who opposed economic aid on the grounds that it is not a conventional function of government to spend taxpayers' money for the social advancement of people who live in foreign countries. It is vastly different from military aid, of course, and depends upon national policy in the countries where aid is given as to whether it relieves suffering, or whether it bolsters some particular form of politics, such as socialism.

It was a "noble experiment" and some of the money undoubtedly reached those it was intended for, despite the fact much of it was misappropriated. The fact that we are nearing the end of the foreign economic aid trail is cause for general rejoicing and justifies us in looking ahead to a better day in this country.

Alabama Falls To Little  
Mississippi Southern 25-19

By UNITED PRESS  
The 1953 college football season was ushered in today with one of the biggest upsets in a quarter century—little Mississippi Southern's stunning 25-19 conquest of Orange Bowl champion Alabama.

Scheduled as a "breather" for the 61-6 conquerors of Syracuse in last New Year's Day's Florida classic, the "Hattiesburg" Miss. school with a gale enrollment of only 1,460 rose behind speedy Lauren Pepper to spring the season's first shocker at Montgomery, Ala., Friday night.

Coached by former University of Mississippi star Thad Pie Vann, Mississippi Southern compiled a 10-2 record last season but was not regarded as in the same class as the powerful Crimson Tide—try's powerhouses this year. But it expected to be one of the counter-attacks of the season's "one-platoon" era.

That was the contention of the athletic directors of the "little fellows" who supported the return to the "one-platoon" system and it took no longer than the season's first day to demonstrate its truth. For it was the two-platoon act—Crimson Tide that wilted in the last period as the 22-point underdogs tallied two touchdowns against the second-stringers, Alabama's starters, unaccustomed to playing both on offense and defense, simply tired after three periods and the substitutes could not hold the fort.

Pepper, 195-pound halfback and co-captain, hammered away at the tiring Tide for 115 yards and 10 touchdowns to spark the victory. Most of the other favorites came through as expected Friday night.

Detouring North Dakota State 33-6, Furman downing Newberry, 33-0; Temple, led by Jack Hadley's two touchdowns, walloping Albright, 34-0; and Youngstown beating Bowling Green, 20-7.

Among the national powers in action today, Georgia Tech is shooting highest and seems safest—beating Mississippi Southern's "pardon" which had an 11-0 record in 1952, will be shooting to extend a string of 26 straight victories and seems almost certain to do so against Davidson.

In the East, interest centers around the Mar intercollegiate attraction at Philadelphia which pits Villanova against Georgia and is expected to draw close to 100,000 fans. Villanova's Gene Filipowski and Georgia's Zeke Brinkman are widely-heralded ducks in this spotlighted in a personal duel encounter.

The three outstanding contenders for the Southwest Conference crown also will be in action—Vet-Rice opposing Florida, Baylor taking on California and Texas meeting LSU. In addition still another Southwest Conference team—Texas A & M. will be playing Kentucky.

Jim Tatum's Maryland squad, big and deep enough as usual to rank among the best in the country, opens against Missouri, Pacific Coast Conference champion South

## HARD TO GET MEN, LEGION TOLD

IT'S GETTING harder all the time to persuade competent young men to enter military careers, U. S. Navy Secretary Robert B. Anderson told the American Legion convention in St. Louis. Sitting on the speaker's stand in Vice President Richard Nixon, who told the convention there would be "no interruption, no ing, and no setback in aircraft production." Beside Nixon is Mrs. Rae Ashton, president of the Legion auxiliary.

## MISSING BRITISH DIPLOMAT'S FAMILY MISSING

Donald MacLean  
THE FAMILY of British diplomat Donald MacLean, who vanished from Geneva more than two years ago, is reported missing from Geneva and Swiss police say Mrs. MacLean and her three children may have joined MacLean at a rendezvous behind the Iron Curtain.

## TODAY'S SPORTS PARADE

Reg. U. S. Pat. Off.  
By OSCAR FRALEY

United Press Sports Writer  
New York, Sept. 19 (UP)—Yearless Fraley's facts and figures. The psychological attitude of the Brooklyn Dodgers is going to tell the final story of their approaching World Series battle against the New York Yankees, according to former Yankee star Tommy Henrich.

"The Dodgers have a great ball club but they are handicapped because they never have won a series," Henrich, the "old reliable" of the Yankees, figures. "They were actually close last year to winning and, if so, a thing is possible, they can even close this year. To win, though, they have to think they can win. Everybody seems to think that the Yankees are cocky going into something like this. Tommy added, 'That isn't so. They build themselves up to a determined pitch, admitting they have a tough battle on their hands and telling each other 'Let's get out there and give it all we've got.' That's a sophomoric, die for dear old Tugers, attitude, is their greatest attribute, according to the guy who was one of their best."

## Wins Leadership

CLINCHING his leadership of the Democratic party at a two-day meeting in Chicago by a reasoned appeal for national support of President Eisenhower's efforts to win world peace, Adlai Stevenson, former governor of Illinois and 1952 Demo presidential candidate, waves from the speaker's stand in the Civic Opera house.

## 97 To Lose Jobs As Grants Cut

Frankfort, Ky.—A reduction in federal administrative grants to the State Department of Economic Security will require dismissal of 97 employees of the State's unemployment insurance and employment service programs by October 31, it was announced by Commissioner of Economic Security V. E. Bynes.

There now are 568 employees administering these programs. The present fiscal year was from \$2,354,702 to \$2,077,325—with \$275,377 of the reduction being for personal services. In addition, the Department of Labor has directed discontinuance of Elizabethtown and Morehead offices of the Employment Service, reducing from 24 to 22 the number of these offices in the state.

A general order was issued both by O. B. Hannah, director of the Division of Unemployment Insurance, and L. P. Jones, Employment Service Director, to release all employees 70 years old or more. This is expected, will account for 10 of the number to be released, with the remaining coming from other age groups.

RECOGNITION AT LAST  
SKOWHEGAN, Me. 12—Acting Postmaster Francis E. Croteau announced with pride that Washington has agreed to provide funds for an exterior sign to identify the post office here. The building has been identified by word of mouth since it was erected in 1918.

Don Taylor as an Air Corps Lieutenant spends much of his time as an unwilling guest in "Stalag 17" the comedy-melodrama due to open tomorrow at the Varsity Theatre. Produced and directed by Billy Wilder, "Stalag 17" co-stars William Holden and Otto Preminger.

ORLANDO, Calif. (AP) — Leone Penna, Orlando's garbage collector, figures his customers have him coming and going.

At a recent city council meeting, Penna complained the people were not paying their garbage collection bills. One councilman asked him if he sent out bills.

"What's the use?" Penna is-ent-ed. "If I send a bill, they would throw it in the garbage can and then I'd have to haul my own bill to the city dump."

### Rowlett-Lax Vows Solemnized In Home Ceremony

On Thursday, September 10, in a beautiful home ceremony, Miss Betty Rowlett, daughter of Mr. and Mrs. Wayne Rowlett of Buchanan, Tenn., became the bride of Donald Lax, son of Mrs. P. Allen Lax and the late Mr. Lax of Buchanan.

Before an improvised altar of greenery and white blossoms the Reverend Thelton Hardie, of the Point Pleasant Baptist Church read the double ring ceremony in the presence of the immediate families and a few friends.

The bride was lovely in a blue silk dress with blue hat and black accessories. On her shoulder she wore a beautiful orchid corsage.

Mrs. David Jackson, sister of the bridegroom, was matron of honor, was stunning in rust dress and had with black accessories. Her corsage was fashioned of pink roses.

Johnny Williams, cousin of the bride, was best man. Immediately following the ceremony an informal reception was held for the guests and members of the wedding party.

The bride, a graduate of Buchanan High School, is employed as secretary at Paris Landing State Park.

The bridegroom, also a Buchanan graduate, is a member of the Air Corps, stationed at Lajes Field in the Azores Islands, a refueling base for Military Air Transport Service to and from Europe. After a wedding trip to points south they will be home with their parents until September 28 when he again returns to the Azores for another nine months and Mrs. Lax will be home with her parents while she awaits his return.

During the social hour refreshments were served to the nineteen members and one guest, Mrs. Bill Barker.

### ACCIDENT IS-ALL IN THE FAMILY

HOUSTON, Tex. (AP)—It's a small world—too small for the Charles Morris family.

Mrs. Morris, 21, graduated from the Memorial Nursing School, was driving home with her mother after the ceremonies and rammed full speed into the rear of a parked vehicle.

Mrs. Morris got out to survey two badly damaged automobiles and saw the driver of the other. It was her husband, in their car, driving home from the same ceremonies with Mrs. Morris' father.

the First Step!

As baby takes his first step, parents watch, breathless with suspense. "First steps" are SO important, all through life. The first step toward financial independence, for instance. This generally means opening a savings account and setting up a regular program of deposits every pay-day. Keeping everlastingly at it, is equally important, of course. But, first you must START. Why not take that "first step" today?
